

ICON WATERPROOFING

PROFESSIONAL WATERPROOFING TRAINING

For Civil Engineers & Construction Professionals

Practical • Site-Oriented • Industry-Focused

Live Classes + Recorded Videos | Hindi & English

Why Choose ICON?

Training built around real waterproofing execution, inspection and repair.

10+ Years

Waterproofing experience

400+

Projects executed

1000+

Professionals trained

2 Languages

Hindi & English

- Practical site knowledge
- Real project case studies
- Waterproofing material knowledge
- QA/QC & inspection
- Leakage investigation
- High-rise project training
- Business & technical support

Course Programs

Choose the program that matches your career or business goal.

SMALL PROJECT / BASIC

₹2,999/-

3 Days Live Classes + Recorded Videos

For beginners, supervisors, contractors and waterproofing applicators, Students, civil/structural engineers, QA/QC, site engineers, contractors, consultants and entrepreneurs.

.

Small Project – Terrace waterproofing + Labor rates

MASTER PROFESSIONAL

₹7,999/-

30 Days Live Classes + Recorded Videos

For beginners, supervisors, contractors and waterproofing applicators.
Students, civil/structural engineers, QA/QC, site engineers, contractors, consultants and entrepreneurs.

Basic(small Project) + Professional training (High Rise project) + 100% Business technical support

Small Project / Basic Course

Foundation training for residential and small waterproofing work.

- Basic material knowledge & selection
- Surface preparation
- Application methods
- Wet-area waterproofing
- Toilet waterproofing
- Balcony waterproofing
- Terrace waterproofing
- Labor rates

Fee: ₹2,999 | Duration: 3 Days + Recorded

Master Professional Course- Syllabus

Complete waterproofing training from fundamentals to high-rise execution.

- ✓ Raft & footing
- ✓ UG sump
- ✓ Podium & landscape
- ✓ Wet areas & balconies
- ✓ Terrace
- ✓ Sewage treatment Plant (STP)
- ✓ Over Head Tank (OHT)
